

# Rocky Carpenter

How lucky are we to know the coolest kid in the world? Pretty “darn” lucky!

Your kindness, sense of humor, compassion, work ethic and willingness to help others is made of the same stuff that most parents can only dream about.

Your Youtube channel, your podcast and your artwork are incredible and demonstrate your talent and ability to make things awesome. You make everything better, more fun, more swaggy, and in general more epic.

Thanks for being unrelentingly you. Keep that spirit. Most people would pay to have a sliver of your originality!

We are proud of the man you've become and are excited to see the great things to come in this next scene in the movie of your life!

Pat yourself on the back, Dewey. You did it! Congrats!

We love you to the moon and back!

You know who! XOXO
