The photography class, taught by Conner Johnson, focused on capturing photos. Photography itself was the application and practice of creating images. Students learned how to hold a camera properly, and to control exposure, aperture, and lighting. Photography was incredibly exciting and welcoming for all students. Students got to roam around and capture photographs around the school.

Roi Ngoida (11) used darkness and contrast to bring out the small details of the natural world in their photography.

Elizabeth Thomas (10) planned to take the photography class as a one-time thing, but ended up having lots of fun.“It started as me needing a credit, but I’ve really come to love and enjoy photography,” she said.
