Yearbook regrets that not every student's face may be captured within these pages.

Photographing each and every student is a logistical challenge, one that we approach with careful consideration and planning. Unfortunately, despite our best efforts, there may be scheduling conflicts, unforeseen circumstances, or other challenges that arise throughout the school year that lead to portraits being unavailable to Yearbook.

As we reflect on the memories shared throughout the year, let's celebrate the diversity and richness of our student body, regardless of whether every face is captured in print. Your presence and contributions are valued and appreciated, now and always.
